## CHSGHA COMMUNICATION REGARDING PROTOCOL RULES, REGULATIONS, AND INTERPRETATIONS

Principals and athletic directors of teams participating in the CHSGHA are expected to know, understand, and communicate the CHSGHA rules and regulations to their student-athletes, their parents/guardians and to other appropriate school personnel. The CHSGHA is the official body charged with the responsibility of interpreting its own playing rules and regulations. The CHSGHA Executive Committee, or its designee(s), will provide official decisions, where appropriate, specific to eligibility issues to high school principals, assistant principals, and athletic directors only. Interpretation of unusual or complex situations must be received in writing from a member school principal and may be reviewed by the CHSGHA. Student eligibility inquiries will be referred to the CHSGHA Executive Committee for a ruling. Inquiries to the CHSGHA from parents, student-athletes, coaches, and the public requesting an interpretation of the rules and regulations will be referred back to the member school principal or his/her designee. Member school principals and athletic directors are encouraged to call the CHSGHA Executive Director to seek clarification on any rule or regulation prior to offering an interpretation to student-athletes, parents, or others. Official interpretations can only be offered by the CHSGHA Executive Committee. Principals, athletic directors, and coaches should only rely on interpretations given by those persons.

The Championship Game will be held on Wednesday, March 11, 2026. The sites of the semi-finals and championship game will be held at a site to be determined by the CHSGHA.

7. Unless otherwise decided by the CHSGHA Executive Committee, the home team in each state tournament game will be responsible for services and equipment for that contest.
8. Any State Tournament Games that go to overtime will utilize the following format:
  - a. Tie Game Ending Procedures - Teams will win outright, including championships, on the ice - there will be no co-champions.
  - b. At the end of a regulation time, if a tie exists, the following procedure is in place: 1) First Overtime – One fifteen (15) minute sudden victory overtime period will be played with five players per team and one goaltender per team. All penalties will carry into the overtime period. Goalies will switch ends for all overtime periods. 2) Second Overtime – Teams will change ends and a second fifteen (15) sudden victory overtime period will be played, with four (4) skaters per team and one (1) goaltender per team. In all tournament games, this step will be repeated until a winner is declared. Note 1: When the first overtime ends and the teams are 5-on-4, teams will start overtime 5-on-4. Once player strength reaches 5-on-5, at the next stoppage of play, player strength is adjusted to 4-on-4, as appropriate. Any further penalty in OT, the on-ice strength will be 4-3. Note 2: At no time will a team have less than three players on the ice. This may require a fifth skater to be added if a two-man advantage occurs. Once player strength reaches 5-on-4 or 5-on-5, at the next stoppage of play, player strength is adjusted to 4-on-3 or 4-on-4, as appropriate. 3) All National Federation rules apply throughout overtime periods. Note 3: New ice will be made following the end of regulation time, and between each overtime period.

Executive Committee State  
Tournament Meeting

In 1987, the late Kip Sawpel founded a girls' ice hockey program at Simsbury High School. Around that same time, for a short period of time, Glastonbury High School also started and maintained a girls' ice hockey team. As there were no other girls' high schools to play, the teams played games with prep school teams and skating club teams. After the U.S. Women won the Women's Ice Hockey Gold Medal in the 1998 Olympics, Greenwich High School started a girls' ice hockey team, quickly followed by New Canaan High School. Within the next 3 years Fairfield and Ridgefield high schools also started girls' ice hockey programs. By 2001-02, Greenwich, Fairfield, New Canaan, Staples, Trumbull and Darien all had established girls' ice hockey teams.

In 2003-2004 the Fairfield County Interscholastic Athletic Conference (FCIAC) began sponsoring girls' hockey as a league sport. Soon thereafter, Wilton and St. Joseph high schools formed teams and joined the FCIAC league, which evolved into an 8 team conference. In addition, at approximately the same time, Hall/Conard, Hamden, Guilford, Hand, Simsbury, Notre Dame (Fairfield) and West Haven high schools formed girls' hockey teams, and came together to create a second, independent league, the Central Connecticut Girls' Hockey League (CCGHL). In 2011, with the Southern Connecticut Conference's (SCC) decision to add girls' ice hockey as a sponsored sport, the CCGHL ceased to operate, and the former CCGHL teams began play as members of the SCC. The SCC expanded several times after 2011. By 2017, as the SCC had expanded to 15 girls' ice hockey teams, the league was divided into two divisions: the SCC North (6 teams) and SCC South (9 teams).

The first girls ice hockey state tournament was played at the conclusion of the 2005-2006 season, Kip Sawpel, Val Chamberlain, Doug Scott and Rich Bulan brought the coaches from both the FCIAC and the then CCGHL together to form and play the first Connecticut Girls' Ice Hockey State Tournament. The state tournament was continued in the years that followed, with the FCIAC and the CCGHL/SCC alternating sponsorship of an 8 team state tournament. However, in 2015, Simsbury High School and East Catholic/Glastonbury/South Windsor were declared co-state champions after a double over-time contest. The game received national news media relating to the fact that the game was terminated after the second overtime while still tied, and co-champions were declared. Partly in response to that situation, and based upon the growth of the girls' game, the CHSGHA was formed in 2015 by the FCIAC and the SCC to govern the girls' high school ice hockey in Connecticut. The CHSGHA instituted a power ranking system for girls' ice hockey, and the first CHSGHA sponsored state tournament was held in 2016 at Bennett Rink on the campus of West Haven High School. With the growth of the girls' game, the CHSGHA expanded the girls' ice hockey state tournament from 8 to 12 teams beginning with the 2017-2018 season.

In 2019, the Central Connecticut Conference (CCC) became the third Connecticut High School Athletic Conference to sponsor the sport of girls' ice hockey, joining the CHSGHA compact with the FCIAC and SCC.

As of the 2025-26 season, the CHSGHA has expanded the girl's ice hockey state tournament from 12 to 14 teams. The CHSGHA has 21 member teams, made up of 88 participating Connecticut high schools.
